

White River Hardwoods-Woodworks, Inc., located in Northwest Arkansas, is a manufacturer of Embellished and Traditional Hardwood Mouldings and Woodcarvings. Products span 10 collections – over 2,200 In-Stock products for everything from interior millwork to accourtements for custom cabinetry and furniture.

To Architects and Interior Designers who are carrying traditional design influence into the 21st century, White River presents its new bound collection, **Elaboration**: *Illustrative Millwork for the Design Professional*. Our sophisticated customer deserves the most professional, thorough, and concise information when specifying millwork for well-appointed interiors. White River is the Industry Leader in Innovation, Education, and your OneSource for both products and Design Solutions.

COMPLETE PRODUCT COLLECTION I 2,200 products for specifying architectural millwork, mouldings, and woodcarvings. Complete architectural millwork packages available. Custom work is our specialty including curved applications. Let White River be your OneSource for all your moulding and woodcarving needs.

WORLDWIDE DISTRIBUTION I White River products are available from a national network of professional dealers and direct accounts. Award-winning packaging, international shipment, overnight delivery, and drop-shipment available. Most In-Stock orders promptly shipped within 1-5 days.

WHITERIVER.COM | Award-Winning Website offers instant access to information to ease the specification process. Detailed product section provides pricing, wood species availability, ZOOM feature to see product details, and access to downloadable e-catalogs for design software. Design Gallery section includes hand-drawn renderings. A comprehensive Trade section includes a wide range of educational content on design - "how-to's," installation, and finishing White River products.

DESIGN SOFTWARE | 2D/3D DXF/DWG files for AutoCAD - e-catalogs for products from 20-20 Technologies and Planit Solutions. Crisp – clear – color. Downloadable from website.

White River is excited to be your Design Partner for the 21st century and extends an invitation to the World of Embellished Hardwood Mouldings and Woodcarvings with infinite design possibilities. With fresh new designs and state-of-the-art technology, the Sales Professionals at White River look forward to working with you – please contact us with your inquiry and comments. Thank you for requesting **Elaboration**: Illustrative Millwork for the Design Professional.

Yours in Design and Innovation,

Joan Johnson

President,

Lead Designer, Ornamentalist & Embellisher White River™ Hardwoods-Woodworks, Inc.®

WHITE RIVER POLICY

Telephone	800.558.0119 479.442.6986
24-hour Fax	479.444.0406
Website	www.WhiteRiver.com
Email	sales@WhiteRiver.com

PAYMENT OPTIONS | TERMS Visa, MasterCard, American Express, Discover. Credit must be established prior to offering of terms.

DEPOSITS I Orders for large quantities, columns, mantels, special woods, or modified items can require a deposit to process. Balance due prior to shipping.

PLACING AN ORDER I

- Hard copy of P.O. must be faxed or emailed phone orders not accepted.
- Orders for In-stock products will ship promptly.
- All orders placed generate an acknowledgement which is sent via fax or email.

 Please review this acknowledgement to ensure that your order is correct prior to shipment.

SPECIFIED LENGTHS | White River has a Specified Length policy. Please refer to the National Price List or the specification page for each product for complete information.

IN-STOCK PRODUCTS I

COLLECTION	SECTION	IN-STOCK SPECIES			
Woodcarvings	C100-C400	Maple and Cherry			
Lindenwood Woodcarvings	C500	Lindenwood			
Mon Reale Mouldings	M100	Poplar			
Ornamentally Embossed Mouldings	M200	Poplar, Red Oak selected profiles as denoted			
Traditional Mouldings	M300	Poplar, Red Oak selected profiles as denoted			

CUSTOM WORK | White River provides custom services for species, profiles, sizes, and motifs. White River manufactures custom mouldings from a wide variety of In-Stock and custom species. White River manufactures custom interior doors and exterior entry units. Curved work can be manufactured for jambs, casing, crown, baseboards, and many other interior applications. All custom work is quoted per job and based on specifications provided.

- Contact your White River Sales Professional for availability and pricing of custom species and orders.
- Please allow 2-6 weeks for custom products.

WARRANTY | All White River products are manufactured from lumber that is NHLA-graded and dried to 6-8% moisture content. White River's In-Stock Poplar and Red Oak hardwood mouldings are produced from lumber that is 65% 12'-16' lengths, yielding stock mouldings in long lengths (overall 3'-16'). White River's hardwood mouldings are precision-machined with Weinig Moulders using Weinig Knife Tooling.

SHIPPING | FREIGHT CHARGES

- All stock items are shipped F.O.B. Fayetteville, Arkansas.
- Minimum LTL charge is \$100.
- Minimum FedEx charge is \$15.
- No minimum order.
- Residential LTL Deliveries additional \$86 freight charge + \$45 call charge + lift gate charge based on order's weight.
- White River must receive a signed authorization for residential and lift gate estimated charges, which will be estimated as accurately as possible. Ultimately, customer will pay actual charges.
- Orders may be shipped FedEx Ground if lengths are 8' or shorter.
- Please specify ground, 2nd day air, or overnight delivery charges will be added to invoices.
- International shipping available.

RETURN POLICY I

- Prior to returning stock mouldings, please call White River and secure an RGA (return goods authorization) number. Clearly mark the outside of package(s) with this number.
- Products will not be credited if they have 1) been marked on, 2) been modified in any way, 3) sheetrock mud, primer, stain, or exhibit jobsite damage.
- For stock mouldings to receive credit, mouldings must be in resellable condition. Loose mouldings will be accepted only if they are 8' or longer, unless in original plastic covering.
- All carvings must be in original packaging or still carded with seal unbroken. Under no circumstances will White River accept carded carvings that have been opened. Please refer to instructions on RGA for specifics when preparing to return merchandise.
- Returns are F.O.B. buyer and are subject to a 20% restocking charge.
- No returns after 60 days from date of invoice. After 60 days, if the return is allowed at White River's discretion, the restocking fee will increase by 10% per month.
- White River maintains the right to refuse any return.
- For additional information on returning products, please see return policy in National Price List.

PRODUCT INFORMATION AND SPECIFICATIONS

C300

White River[™] offers a specialty collection of 132 Handcarved Onlays and Cabinet Parts. White River's Handcarved Onlays and Cabinet Parts are carved from domestic Maple and Cherry, adding luxury and drama to kitchen cabinetry, baths, libraries, and furniture applications.

IN-STOCK | Handcarved Onlays & Cabinet Parts are sanded and ready to install - can stain, paint, or glaze and install with standard woodworking tools.

- Available in domestic Maple and Cherry
- Range of sizes, including petite scaling and dimension

MANUFACTURER SPECIFICATIONS I

- Manufactured at White River's carving factory in China
- Handcarved from clear domestic Maple and Cherry
- NHLA-graded and kiln-dried to 6-8% moisture content

CUSTOM WORK | White River provides custom services for species, profiles, sizes, and motifs. Species In-Stock for custom carving: Northern Soft Maple, Alder, Red Oak, White Oak, Walnut, Mahogany, Cherry, and Lindenwood. Contact your White River Sales Professional for more information.

FIRE RATING I NFPA Class C, UBC Class III.

These products are manufactured from domestic hardwards that are produced from well-managed forests.

Adornments for Cabinetry and Furniture[™] is a proprietary trademark of White River[™] Hardwoods - Woodworks, Inc.[®] and includes: handcarved onlays, pulls, columns, valances and feet.

Handcarved Onlays & Cabinet Parts • Classically Inspired Motifs • Custom Work Available Contact your White River Sales Professional | WhiteRiver.com • 800.558.0119

Magnificent and Bold. Great detail and layout proportions set these cabinets above the ordinary. Oversized columns - certainly an eye-catcher! Simple cabinets are enhanced with oversized columns and panel mouldings on doors and drawers.

Columns: CC6330 and CC6331

ONLAYS • CABINET PARTS

MAPLE AND CHERRY IN-STOCK

Tastefully elaborated with rope columns supporting a wide frieze, these richly detailed display cabinets are the focal point of this room. Exciting. One-of-a-kind.

MON REALE® MOULDINGS

SECTION M100

M100

This stately dining room is accented with a large, formal cornice detail. Within this cornice detail, a large cove combines with modillion blocks and a frieze adorned with a swag motif. Cornice dimension $20''h \times 17''d$. Gracious. Lofty.

Collections featured: Mon Reale Mouldings • Traditional Mouldings • Lindenwood Woodcarvings **Products specified for crowns:** PM8527, CO704, CRV5123, CM8820, FR8957

PRODUCT INFORMATION AND SPECIFICATIONS

M100

Mon Reale® Mouldings are an opulent collection of 90 high-relief Architectural Mouldings made in the U.S.A.. These classically-inspired, sculptured mouldings are made from a fine grain overlay contoured to solid Poplar mouldings. The Mon Reale collection offers cornice mouldings, friezes, cases, bases, and panel moulds.

IN-STOCK | Mon Reale Mouldings are manufactured from clear Poplar. They can stain, paint, or glaze and install with standard woodworking tools.

Mon Reale is available in random or specified lengths

- Random length mouldings are produced from 65% 12' 16' lumber
- \bullet Specified lengths include an upcharge of 20% for lengths up to 14' and 30% for lengths up to 15' -16'
- Customer pays for additional footage needed to pull specified lengths - length availability is subject to inventoried lengths on hand
- Allow 20% overage for pattern repeats and waste
- See complete policy on National Price List
- Complementary 4" samples are available contact White River

MANUFACTURER SPECIFICATIONS |

- Manufactured in Fayetteville, Arkansas from domestic Poplar
- Hardwood lumber is NHLA-graded and kiln-dried to 6-8% moisture content
- Precision-machined with Weinig Moulders and Weinig Knife Tooling
- Solid Poplar Moulding with applied composition ornament

CURVED WORK | Most Mon Reale products are available - both in custom hardwood and resin - for curved, radius, or circle applications. Resins offer prompt shipment, ease of application, substantial savings, and can stain or paint to match other millwork. Contact your White River Sales Professional for more information.

CUSTOM WORK I White River provides custom services for species, profiles, and motifs. Species In-Stock for custom mouldings: Northern Soft Maple, Northern Hard Maple, Clear Pine, Knotty Pine, Clear Alder, Knotty Alder, Red Oak, White Oak, Walnut, Mahogany, Cherry, Cypress, and Birch. Exotic species are available upon request. Contact your White River Sales Professional for more information.

RE RATING I NFPA Class C, UBC Class III.

FSC | Available upon request, we can produce FSC certified products.

Mon Reale® is a registered trademark of White River™ Hardwoods - Woodworks, Inc.® and includes: crowns, cases, baseboards, friezes and panel moulds.

CM8860 - Lamb's Tongue 3/4" x 3" 19.1 x 76.2 mm

INSTALLATION OF MOULDINGS WITH ORNAMENTAL MOTIFS I

- Installation of Door Casings: Cut head casings first so that ornamented pattern on side casing will miter into head casing. Center pattern so it miters evenly at both corners.
- Installation of Window Casings: Follow door casings, but install a window stool to add beauty and to avoid having to match four ornamented mitered corners (matching four mitered corners is easy if ornamentation is a delicate pattern).
- Installation of Crowns, Bases, and Chairrails: Install any outside corners first and work back into inside corners. If a single moulding has two motifs, match the largest motif first. If a moulding has dentil and embossing, match the dentil first and let the other motif match as well as possible. With Mon Reale and multiple motifs, you may have to make several "adjusting cuts" to find the best pattern match.

LARGE COMBINATION DETAILS I

Mon Reale LCD's offer large-scale proportions for today's interiors and commercial projects. White River offers many styles and sizes – combinations of mouldings and carvings. While many LCD's are of a large scale, their components can also be implemented as smaller proportional elements. This is helpful when the design specifies a smaller, yet complementary cornice or a cornice that consists of a wide frieze and crown.

Custom services available for species, profiles, and motifs. Contact your White River Sales Professional for more information.

MON REALE® MOULDINGS

EMBELLISHED MOULDINGS | have served as artistic expressions of cultures, religions, philosophies, and even empires. From the earliest Mediterranean, Celtic, and Asian civilizations and into the 21st century, architectural details and ornamentation have yielded warmth and interest to private homes and public buildings alike. Today, Architects, Designers, and Builders can incorporate classically-inspired designs with ease and affordability - with White River's Embellished Hardwood Mouldings and Woodcarvings.

LCD8146 - Greek Revival, Empire, NeoClassical, Romanesque CM8854, DS1x2 Jobsite Cut, DS1x8 Jobsite Cut, CRV5070, CRV5063, CM8823, FR8920

WELL-PROPORTIONED MOULDING DESIGNS I

Contrary to a misconception that large-scale mouldings make a room seem small, the opposite is true. Properly-proportioned mouldings enhance room scale and proportion by creating a sense of loftiness. In a room with 8'-9' walls, large crowns appear to support and define the ceiling, thus increasing the feeling of height. Tall baseboards, wide casings, and ornate chairrails afford eye-catching architectural elements, fostering a comfortable and inviting environment.

FINISHING OF HARDWOOD MOULDINGS AND WOODCARVINGS I

- Caulk, fill and sand well
- Apply quality stains or paints
- Sand between coats as needed
- If staining Poplar, 2 applications of stain may be needed for depth of color and for adequate coverage.
- Apply glazing, gold leafing, and antiquing after applying finish coats (sealer, lacquer, other) to initial paint or stain
- After applying glaze, wipe to desired coverage, and apply final coat of sealer to create sheen and depth
- Always finish a sample before starting if multi-step finishes are involved.

Custom services available for species, profiles, and motifs. Contact your White River Sales Professional for more information.

ORNAMENTALLY EMBOSSED™ MOULDINGS

PRODUCT INFORMATION AND SPECIFICATIONS

M200

Ornamentally EmbossedTM Mouldings are a collection of 82 hardwood mouldings that are embossed with classically-inspired motifs. Embossed mouldings add interest and detail to any interior millwork application. Complete moulding line - manufactured from domestic species - complementary crowns, casings, bases, panel moulds, and lineals. Manufactured in the U.S.A.

IN-STOCK | Ornamentally Embossed Mouldings are manufactured from clear Poplar with selected profiles offered in Red Oak. Ornamentally Embossed Mouldings can stain, paint, or glaze and install with standard woodworking tools.

Ornamentally Embossed Mouldings are available in random or specified lengths.

- Random length mouldings are produced from 65% 12' 16' lumber
- Specified lengths include an upcharge of 20% for lengths up to 14' and 30% for lengths up to 15' - 16'
- Customer pays for additional footage needed to pull specified lengths and length availability is subject to inventoried lengths on hand. Detailed policy on National Price List
- Allow 20% overage for pattern repeats and waste
- In-Stock in Red Oak in selected profiles as denoted in product catalog
- Complementary 4" samples are available contact White River

MANUFACTURER SPECIFICATIONS I

- Manufactured in Fayetteville, Arkansas from domestic species
- Hardwood lumber is NHLA-graded and kiln-dried to 6-8% moisture content
- Precision-machined with Weinig Moulders and Weinig Knife Tooling
- Embossed motifs are accomplished with heat and pressure applied on solid wood

CURVED WORK | Ornamentally Embossed products are available - both in wood and resin – based on application for curved, radius, or circle applications.

- Wood is available for casings
- Wood is available for some panel moulds
- Resin only for crowns, chairrails, baseboards, and other curved wall applications
- Contact your White River Sales Professional for more information

CUSTOM WORK I White River provides custom manufacturing for species, profiles, sizes, and motifs Species In-Stock for custom mouldings: Northern Soft Maple, Northern Hard Maple, Clear Pine, Knotty Pine, Clear Alder, Knotty Alder, Red Oak, White Oak, Walnut, Mahogany, Cherry, Ash, Birch, and Cypress. Exotic species available upon request. Please contact your White River Sales Professional for more information.

FIRE RATING I NFPA Class C, UBC Class III.

FSC | Available upon request, we can produce FSC certified products.

SECTION M300

M300

Richly detailed mouldings support unencumbered archways throughout. An oversized mantel is the focal point from various vantage points in this interior. Mantel front is 16"h. Divine. Liberating.

Collections featured: Traditional Mouldings • Mon Reale Mouldings • Lindenwood Woodcarvings **Products specified:** CM8857, FR8967, PM8557, PM505, CRV5205, DS1x4, CO701, PM8546

TRADITIONAL MOULDINGS

PRODUCT INFORMATION AND SPECIFICATIONS

M300

Traditional Hardwood Mouldings are deeply profiled and are the backbone of any interior millwork project. White River offers over 150 crowns, cases, baseboards, panel moulds, and chairrails - in complete product collections. All profiles shown are In-Stock in Poplar and selected profiles in Red Oak are denoted. Traditional hardwood mouldings can be used in all interior applications, including cabinetry. White River's Traditional Section also includes Style-Made-Easy, which showcases complementary designed combinations of Traditional, Ornamentally Embossed, and Mon Reale.

IN-STOCK I Traditional Hardwood Mouldings are manufactured from clear Poplar and Red Oak as denoted per profile. Can stain, paint, or glaze and install with standard woodworking tools.

- All profiles available in Poplar
- In-Stock Red Oak denoted per profile
- Available in random or specified lengths Random length mouldings are produced from 65%
 12' 16' lumber. Manufactured to offer the best length for the application
- Specified lengths include an upcharge of 20% for lengths up to 14' and 30% for lengths up to 15'-16'
- Customer pays for additional footage needed to pull specified lengths and length availability is subject to inventoried lengths on hand. Please allow for 20% overage for pattern repeats and waste. Detailed policy on National Price List
- 4" complementary samples are available contact White River

MANUFACTURER SPECIFICATIONS I

- Manufactured in Fayetteville, Arkansas from domestic, clear kiln-dried Poplar and Red Oak
- NHLA-graded
- Dried to 6-8% moisture content
- Precision-machined with Weinig Moulders and Weining Knife Tooling

CURVED WORK I Most Traditional Hardwood Mouldings are available - both in custom hardwood and resin - for curved, radius, or circle applications. Resins offer prompt shipment, ease of application, substantial savings, and stains or paints to match other millwork. Contact your White River Sales Professional for more information.

CUSTOM WORK I White River provides custom services for species, profiles, and motifs. Species In-Stock for custom mouldings: Northern Soft Maple, Northern Hard Maple, Clear Pine, Knotty Pine, Clear Alder, Knotty Alder, Red Oak, White Oak, Walnut, Mahogany, Cherry, Ash, Birch. Please contact your White River Sales Professional for more information.

FIRE RATING | NFPA Class C, UBC Class III.

FSC | Available upon request, we can produce FSC certified products.

14" wide Tuscan column is sheet-rocked and has the identical finish as entablature that it supports.

Made-to-Order

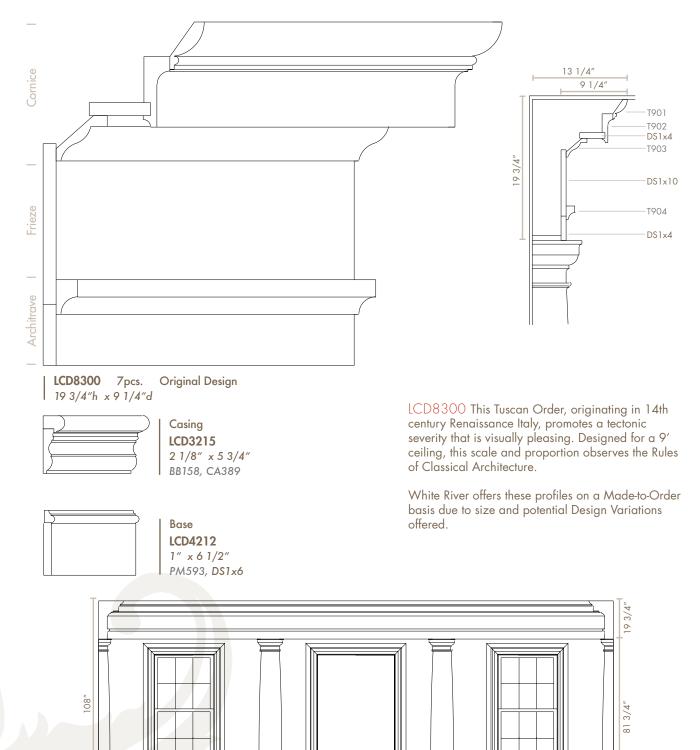

From the ancient Greco-Roman world, the Classical Orders and the Rules of Classical Architecture boldly embark the 21st century. 8th century Gothic, 14th century Renaissance, 16th century Baroque – all the continuum of an immemorial architectural style. Meticulously detailed and proportioned, this beautiful Corinthian column and entablature exhibit the perfect mathematical proportions observed by Classical Architects for the past 2,500 years.

White River proudly offers Tuscan and Corinthian Designs in the Classical Orders Collection. By observing the same Rules of Proportions observed by Classical Architects and Designers, the Classical Orders present infinite Design Solutions that manifest the timeless beauty that is Classical Architecture.

CABINETRY CONCEPTS FOR THE TUSCAN ORDER

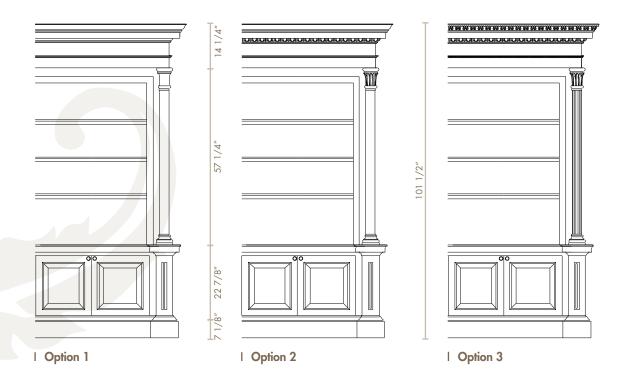

In-Stock Maple and Cherry I 9' Ceiling Height

To Complement the Tuscan and Corinthian entablatures designed expressly for interior wall elevations see pages M401-M412. White River offers correctly-proportioned columns and entablatures for cabinetry.

White River offers pricing on In-Stock Handcarved Mouldings & Capitals on the National Price List under Mouldings • Pediments.

Large Scaled Drawings of Tuscan and Corinthian Cabinetry Concepts available at WhiteRiver.com • Gallery • Renderings

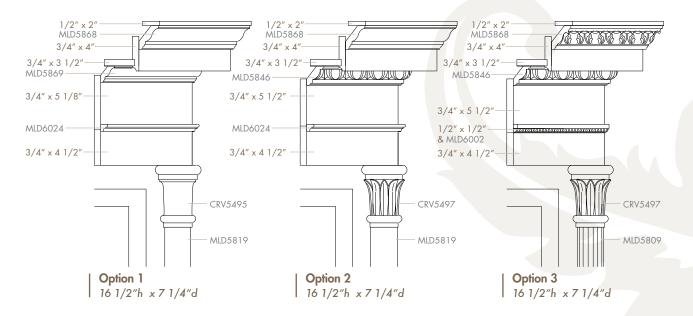

M414

Use these proportions to create beautiful original designs with products from White River's expansive product collection.

Custom full-round capitals and columns available – contact a White River Sales Professional for a custom quote.

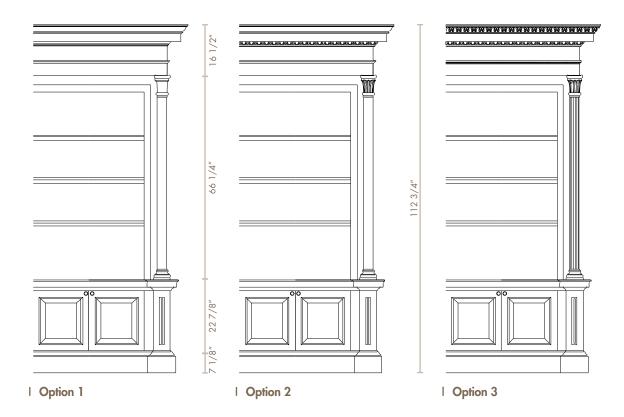

CABINETRY CONCEPTS FOR THE TUSCAN ORDER

In-Stock Maple and Cherry I 10' Ceiling Height

This Tuscan Order for Cabinetry and Furniture offers Design Options by adding greater expressions of ornamented detail without compromising tectonic severity. Options 1-3 illustrate the simple lines emphasizing the original classical proportion and continue into complex designs featuring egg and dart, acanthus leaves, palmette capitals, and reeded columns.

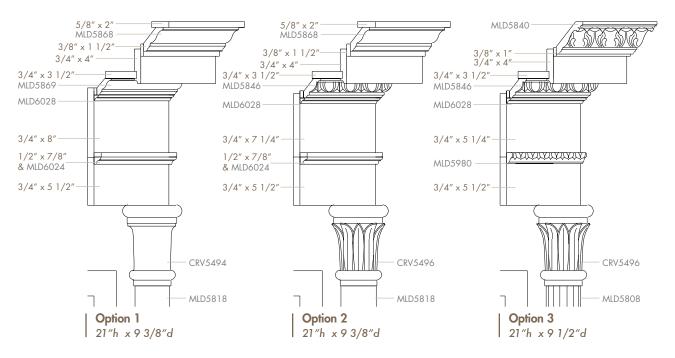

Large Scaled Drawings of Tuscan and Corinthian Cabinetry Concepts available at WhiteRiver.com • Gallery • Renderings

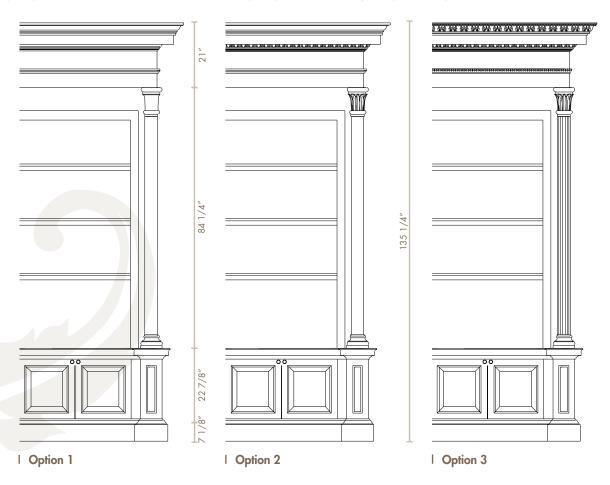

White River acknowledges that most flat stock is produced from cabinet shops' inventories.

CABINETRY CONCEPTS FOR THE TUSCAN ORDER

In-Stock Maple and Cherry I 12' Ceiling Height

These Design Options for the Tuscan Order 9'-12' - ceiling heights - are mutually complementary.

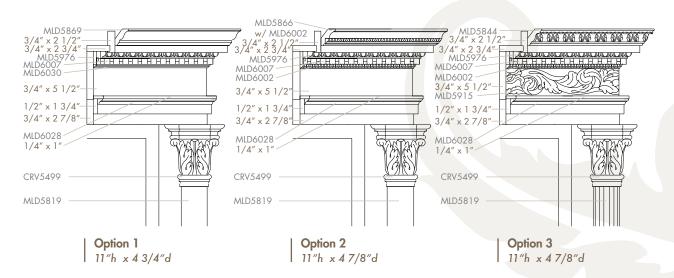

M416

Cabinetry Concepts can be used for kitchen and bath cabinetry, furniture, and library designs.

Cabinetry Concepts feature correct scale and proportion based on cabinetry heights as illustrated.

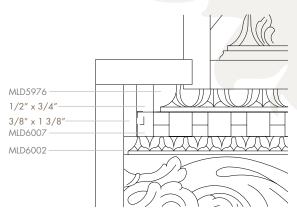

CABINETRY CONCEPTS FOR THE CORINTHIAN ORDER

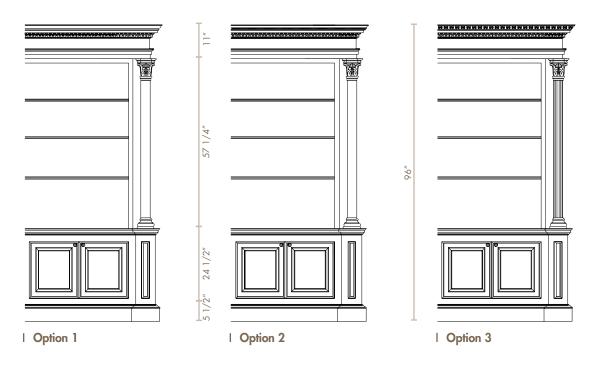

In-Stock Maple and Cherry I 9' Ceiling Height

This Corinthian Order for 9', 10', and 12' ceiling heights can host a rich palette of decorative ornamentation. From beautiful, simpler moulded profiles to complex designs featuring acanthus leaves, scrolls, capitals, and reeded columns. All ornamented profiles are handcarved and In-Stock.

Large Scaled Drawings of Tuscan and Corinthian Cabinetry Concepts available at WhiteRiver.com • Gallery • Renderings

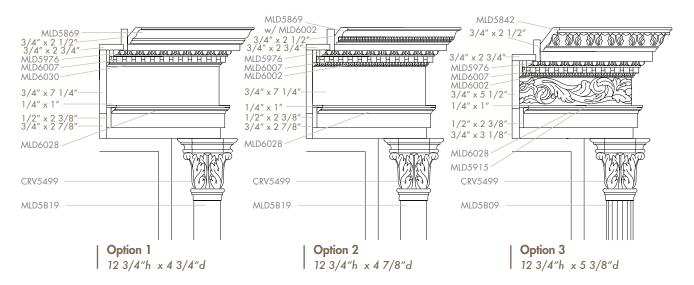

Custom species can be guoted – contact a White River Sales Professional.

White River's In-Stock friezes offer additional options for Cabinetry Concepts.

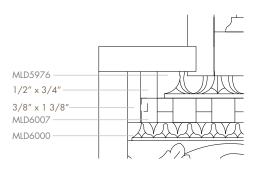

CABINETRY CONCEPTS FOR THE CORINTHIAN ORDER

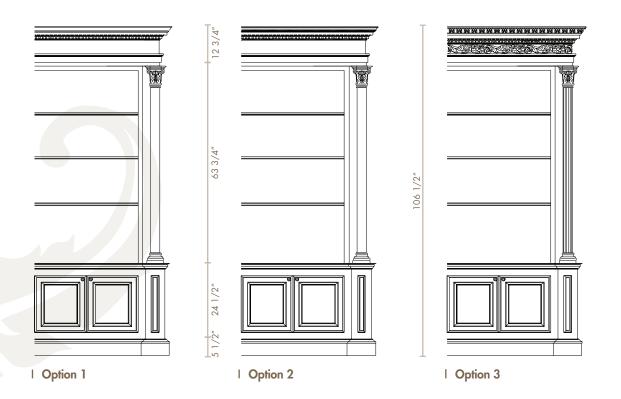

In-Stock Maple and Cherry I 10' Ceiling Height

The Corinthian Order Cabinetry Concepts are inspired by Classical Architecture, but proportioned for cabinetry. White River offers a wide variety of In-Stock profiles – allowing endless design options.

Large Scaled Drawings of Tuscan and Corinthian Cabinetry Concepts available at WhiteRiver.com • Gallery • Renderings

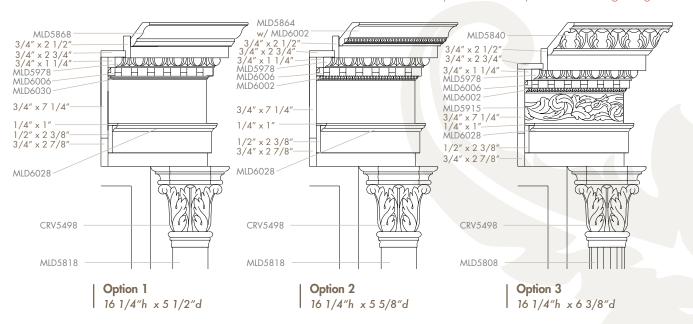

M418

Use these proportions to create beautiful original designs with products from White River's expansive product collection.

Custom full-round capitals and columns available – contact a White River Sales Professional for a custom quote.

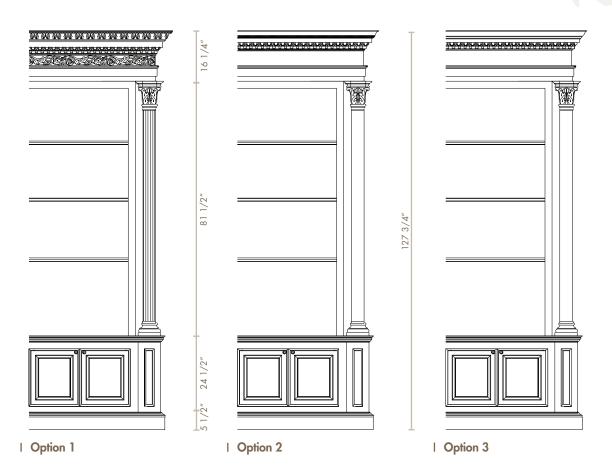

CABINETRY CONCEPTS FOR THE CORINTHIAN ORDER

In-Stock Maple and Cherry 1 12' Ceiling Height

These Design Options for the Corinthian Order - 9'-12' ceiling heights - are mutually complementary.

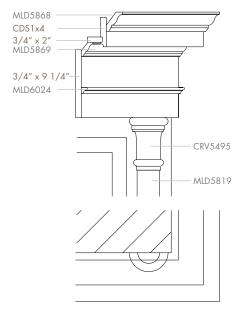

Large Scaled Drawings of Tuscan and Corinthian Cabinetry Concepts available at WhiteRiver.com • Gallery • Renderings

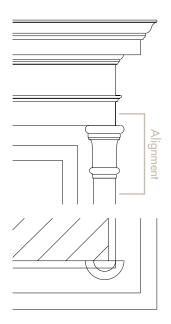

White River acknowledges that most flat stock is produced from cabinet shops' inventories.

CABINETRY OPTIONS

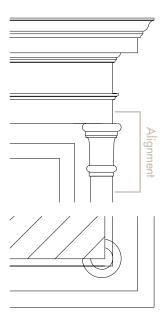

Design Solutions

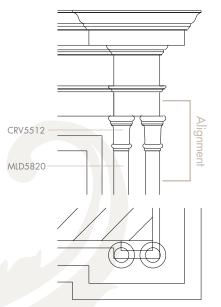

Option 1 - Capital and column applied fully on vertical stile.

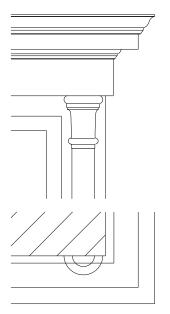

Option 2 - Column aligns with Architrave and frieze. Top of capital not fully applied to vertical stile.

Option 3 - Full capital and columns are modified to fit face and stile of cabinet. Column aligns with architrave and frieze.

Option 4 - Pair of columns aligns with entablature above.

Option 5 - When a lesser cabinet height is specified, this Design Option excludes the architrave. All of the elements reflect same proportions as in Option 1.

M420

Cabinetry Concepts can be used for kitchen and bath cabinetry, furniture, and library designs.

Cabinetry Concepts feature correct scale and proportion based on cabinetry heights as illustrated.

 Produced from Primed Pac Trim® domestic lightweight MDF (Medium Density Fiberboard)

Three E-Z Steps to Staining Mouldings

ORIGINAL CROWN

Mouldings as received.

Inspect moulding for any light "touch-up" sanding. Apply one coat of latex primer, which should be a complementary color of unfinished wood preference (ex: Cherry, Walnut, Oak). Tan color shown in photo works for most stain colors.

Using a slightly thinned-out base stain, brush on lightly and evenly onto moulding.

Allow to dry, sand if needed, and apply a clear coat of sealer.

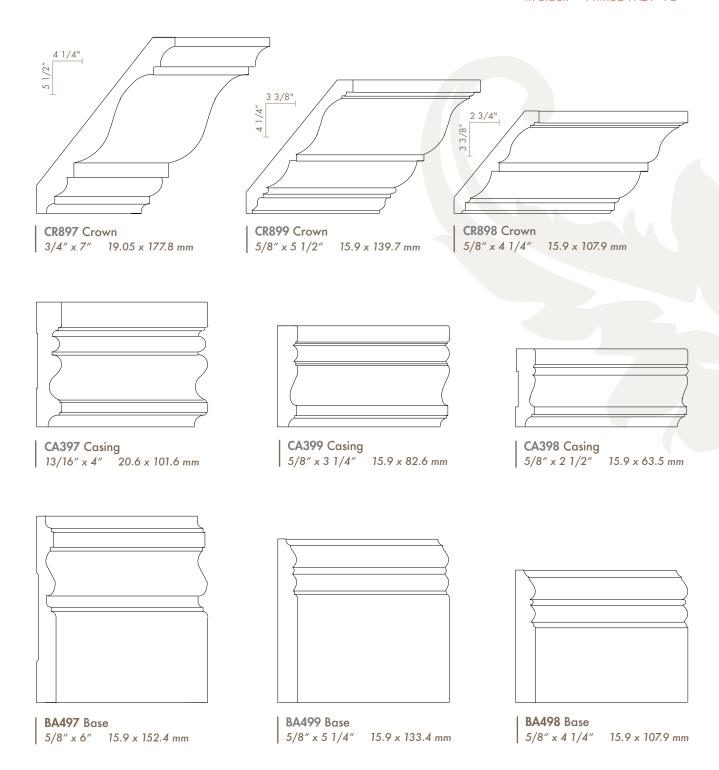

Apply a stain glaze, wiping face (per mfg. instructions) to remove excess product. Degree of stain penetration is personal preference.

Remaining glaze enhances deeper cuts - adding depth and highlights to the ornamentation.

Species In-Stock for custom carving I Northern Soft & Hard Maple, Alder, Red & White Oak, Walnut, Mahogany, Cherry, & Lindenwood

CURVED MOULDINGS

Solid Wood or Flexible Resins

INFORMATION I

- Solid wood curved mouldings can be manufactured for most of our profiles from in-stock hardwood. Please call your White River Sales Professionals for more information.
- Resin mouldings can be manufactured for crown, case, base, chairrail and panel mouldings. Resin mouldings can be painted or stained and will offer a cost savings over solid wood. Many mouldings on curved wall applications are only available in flexible resins.
- The maximum length of Resins is 12', minimum length is 5' and all resins are sold by the whole foot (no half feet).
- Resins can be used for interior and exterior work. When used as exterior trim, opulent applications can be applied with complete
 weatherability.
- Original resin moulds are cast from Poplar or Maple. See Price List for those available in Red Oak. Customer is responsible for mould charges if a specific profile has not been cast by White River.

INFORMATION TO ORDER CURVED MOULDINGS I

CASINGS | Solid Wood or Resins

- True half-circle inside radius or diameter
- Arch (eyebrow or segment) inside rise and span or template
- Ellipse template only
- Profile number, species, lengths, and count

BACKBANDS | Solid Wood or Resins

- Radius on main casing that backband is to attach to
- Type of curve (arch, ellipse, or half-circle)
- Profile number, species, lengths, and count

CROWNS | Solid Wood or Resins

- Is wall concave or convex?
- Radius of wall
- Piece count and length of moulding needed (add for waste)
- Profile number, species, lengths, and count

LINEAL MOULDS, FRIEZES AND CHAIRRAILS | Resins only

 If these are used horizontally on curved walls then they will not need to be pre-cast. Only lineal footage is needed. To use as Casing, refer to Casing information.

BASEBOARDS | Resins only

- If baseboards are being used in baseboard applications or as part of a crown application on a wall, then baseboards do not need to be pre-cast to a radius. They are ordered as straight pieces and only total lineal footage is needed.
- If baseboards are used as casing or as part of a crown detail where they lay out on the ceiling (not on the wall) then the information under casing will be needed.

PANEL MOULDS | Solid Wood or Flexible Resins

- Solid wood panel mouldings can be manufactured for flat wall arch panels, clipped corners and paneled wall applications.
- If the panel mould is used with curved wall application, then straight resin moulding should be ordered.

FINISHING RESIN MOULDINGS | Our resin mouldings are easy to install and finish. They are manufactured with a latex-based primer coat. This helps the finish to adhere to the profile. There are numerous finishes on the market, and many ways to apply them. There are also climatic reasons that can alter how finishes are applied and dry. Most of the time, resins can be finished with the same process as the finishing of hardwood mouldings. Please test a small sample to see that the finishes you are applying adhere.

TO PAINT | 1) Fill and sand like wood, using a filler that will adhere to an oil based man-made product. 2) Apply a base coat of latex primer or latex enamel underbody. This seals the resin! Do not apply oil-base or lacquer undercoaters. 3) Sand if needed. 4) Apply latex or oil-based enamel like hardwood mouldings and finish the same.

TO STAIN 1) Fill and sand like wood, using a filler that matches stain color and will adhere to an oil-based man-made product. 2) Apply a pre-packaged "Base Coat Latex Glazing Liquid". Many manufacturers offer these specific finishes for this purpose. After applying, wipe gently with a clean cloth. 3) After the glaze has been wiped to the desired appearance, it must be allowed to dry and then sealed with the same top coat being used on the wood. 4) We strongly recommend that first-time users practice on a piece of scrap resin moulding before finishing the moulding being used on the job. "ZAR" stain is a good recommended stain, available at most Ace Hardware Stores. White River Hardwoods acknowledges that there are many techniques to finishing man-made products, and express no warranty for such.

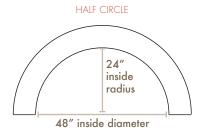

M506

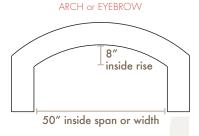

All Handcarved Mouldings are available in resin only for curved, radius, or circle applications.

CEILING MEDALLIONS

Plaster In-Stock

MED 1230 - Acanthus & Petals 3 3/4" x 30" 19.1 x 762 mm

MED1429 - Victorian 1 7/8" x 29" 47.6 x 736.6 mm 4" 101.6 mm center

MED1534 - Acanthus & Tongue 3 3/8" x 34 1/4" 85.7 x 870 mm 7" 177.8 mm center

MED1512 - Bellflower & Beads 1 1/4" x 12 3/4" 31.8 x 323.9 mm

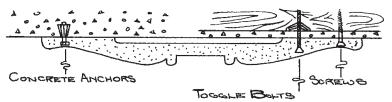

MED 1630 - Fluted Medallion 1" x 30" 25.4 x 762 mm

MED1632 - Flutes with Acanthus Oval 1 5/8" x 28" x 32" 41.3 x 711.2 x 812.8 mm 3" 76.2 mm center

MED1516 - Ring of Acanthus 1 1/4" x 16 3/4" 31.8 x 425.5 mm 4 3/4" 121 mm center

ONESOURCETM I Ornate plaster medallions complement our embellished mouldings and add rich architectural elements to your projects. These old world elements are generously cast and highly sculptured. Use these alone, or combine with mouldings to create a larger statement. Resin moulding can be used to enlarge the overall diameter of the circle.

These can also be cut in half or quarters to augment a lavish ceiling design. If needed, center holes can be jobsite cut for electrical wires, using standard tools. Installation instructions enclosed with each medallion.

MED 1660 - Flutes with Ribbon & Bows 2" x 60 1/4" 50.8 x 1530.4 sold as 4 quarters

Pilasters typically include a capital, lineal or column, and plynth. For more information on designing pilasters, go to C213

FRENCH RINCEAU • ELEGANT OPENINGS

Simple 3-piece kit

EOFR4896 - The French Rinceau offers a soft paneled pilaster using PM8561 and CRV5077. The elliptical casing uses the FR8965 and PM8568. The paneled elliptical jamb uses the PM8561, to form a soft panel.

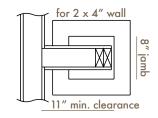

ELEGANT OPENINGS | Lavish details are offered in our French Rinceau and Classic Corinthian elliptical pilastered openings. These easy to install, 3 piece kits are made to order using White RiverTM products, to complement your White RiverTM interior. They are perfect for new construction or remodeling where you prefer to remove the guesswork of layout, materials, skill and costs to create a masterpiece.

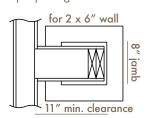

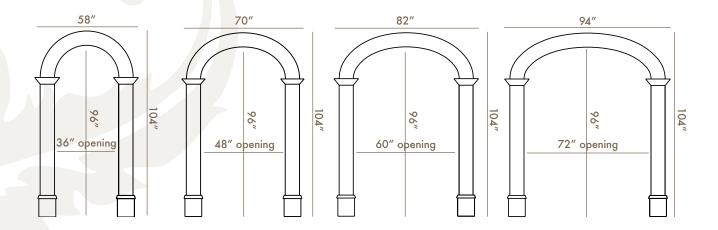

To order French Rinceau: numbers reflect width x height EOFR3696 EOFR4896 EOFR6096 EOFR7296 and denote stain (ST) or paint (PT).

Example: EOFR6096ST

MINIMUM CLEARANCE | When pilasters are installed, the minimum clearance allows for the projecting crown to fit.

ELEGANT OPENINGS • CLASSIC CORINTHIAN

Simple 3-piece kit

SPECIFICATION DETAILS | French Rinceau and Classic Corinthian

- Both openings are available ready to install in 3 easy pieces
- Each opening is made to order for 2x4 or 2x6 walls, shipped unfinished and crated well
- Stock stain grade openings are made from Poplar mouldings, Birch plywoods and resin mouldings for radius work
- Stock paint grade openings are made from Poplar mouldings, MDF and resin mouldings for radius work
- Made to order in custom species, please call for further information (Cherry, Maple . . .)
- All plynths are 10" in height
- All ellipses have an 18" rise
- Detailed instructions included with each kit
- Estimated Time Out: 4-6 weeks depending on specifications.

To order Classic Corinthian:
numbers reflect
width x height
EOCC3696
EOCC4896
EOCC6096
EOCC7296
and denote stain (ST) or
paint (PT).

Example: EOCC6096ST

EOCC4896 - The Classic Corinthian boasts highly ornate detail. Pilasters are produced using CA328 and CRV5130. Terrific detail of the elliptical head uses FR8965 and PM8568 and a paneled jamb using PM8565.

BRONZE

COPPER

COPPER PATINA

ANTIQUE BRASS

NICKEL

IRON RUST

ALUMINUM

M512

METALWOOD FINISHING | White River offers 7 different fabulous Metalwood™ finishes for any White River product. Metalwood is a real metal finish and provides the authentic look and feel of metal for cabinetry and furniture, mantels, and all other interior applications. Metalwood finishes are especially well-suited for Mon Reale® mouldings and woodcarvings.

THE PROCESS | All Metalwood finishes are Made-to-Order per job – contact a White River Sales Professional for more information. White River mouldings and woodcarvings - to receive a Metalwood finish - are specially prepared to accept the metal coating to ensure complete adhesion of the metal finish to the wood surface. The Metalwood finish, which is 95% metal, is applied by hand using a cold-spray process, followed by a convection-curing at a temperature range of 85 to 91 degrees.

After curing, the polishing process begins with sand-blasting. If the patina finish has been specified, it is applied by hand following sand-blasting. A master polisher then hand polishes each piece to expose the highlights. Because Metalwood is real metal that will age and weather, the surface is top-coat-sealed to halt the aging process. Metalwood products install with standard woodworking tools. Touch-up kit information is available.

Contact a White River Sales Professional for custom quote.

METALWOOD FINISHES	DESCRIPTION
BRONZE	A timeless classic metal that has endured unlike any other. Hand- rubbed to reveal subtle variations in the metal and to accent natural shadows.
COPPER	No substitute exists for copper's gentle glow. Copper is a beautiful, hand-polished Metalwood finish.
COPPER PATINA	Patina complements shimmering glow of copper, allowing a pale- green, naturally aged and weathered look, and creating character and old-world charm.
ANTIQUE BRASS	A fine, high-quality metal with a deep, penetrating shine. Hand-polished to show the value of time.
NICKEL	The glimmer of hand-polished nickel presents a beautiful contrast in dark spaces.
IRON RUST	The strength of this great metal yields an aura of instant antiquity and time-valued character to any surface.
ALUMINUM	A silver-white metal that is cool, contemporary, and strong.

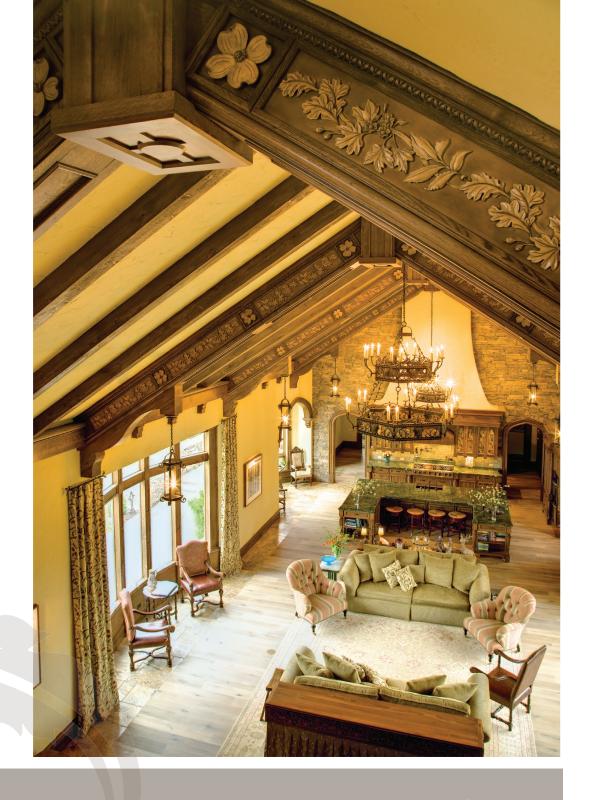

CHARACTERISTICS OF METALWOOD

LONG-LASTING	Real metal compound that is non-corrosive and easy to maintain
DURABLE	Will not shrink, fade, crack, chip, or peel
LIGHTWEIGHT	Adds less than 4 ozs. per-sqft. with standard 10-mil application
STRONG	Can withstand 1,500 PSI before pulling away from base material
HEAT-RESISTANT	Class A, Class 1 material that will not support a flame
NON-CONDUCTIVE	Does not conduct electricity

INSTALLATION | Lay out all products to determine the optimal cuts for ease of installation. Consider pattern repeats to achieve the best yield from the product. • To hide nail holes, place nails in discreet areas of the surface. • Use Minwax Blendfil pencil no. 8 to fill nail holes for Brass, Bronze, and Nickel finishes. • Use Minwax Blendfil pencil no. 5 for Copper finishes • All Metalwood finishes are finished with a polyurethane topcoat. • Metalwood products install with standard woodworking tools. Exercise caution when installing with pneumatic nail guns.

PHOTOGRAPHY

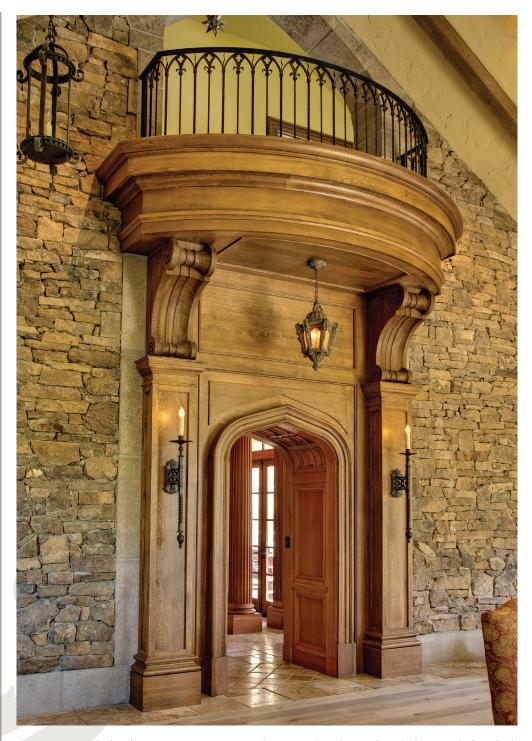

SECTION M600

M600

This well-proportioned great room is 27' wide at bow windows – extends to 68' in length – and soars to a 26' height. This vaulted ceiling has 4 large beams, which display 48 handcarved panels with a custom handcarved motif featuring the flora of the locale - dogwood blossoms, oak leaves, and acorns. These beams are supported by oversized Cypress brackets. Great combination of In-Stock and Custom-Made products – also combining species: Quarter-sawn White Oak, Cypress, Maple, and Lindenwood custom woodcarvings.

Design Solutions from White River™

M600

Massive, paneled pilasters support oversized custom handcarved corbels – corbels which project outward to support an intimate balcony. Above the corbels rests a 28" ht. horizontal radius entablature. This complex opening and surround is proportioned according to the Rules of Classical Architecture. Door opening is 44"wide x 94"ht. Pilasters are 14 ½" wide. Both opening and surround are quarter-sawn White Oak. Quintessential. Stunning.

Product collections: Classical Orders • Traditional Mouldings • Custom Curved Work & Corbels

Products specified: Casing CA390, BB157

Design Solutions from White River $^{\text{TM}}$

In a complicated world, perfection is manifested in this intricate, yet robust design. Custom radius entablature, corbels, and pilasters – all manufactured in quarter-sawn White Oak. Splendor. Reposeful.

Design Solutions from White River™

Creating a vanity that resembles an old-world piece of furniture is possible by implementing Classical proportions and symmetry. This large, yet feminine vanity utilizes a custom fluted frieze panel and ornamented vertical panels, combining many small panel moulds, and delicate woodcarvings on the paneled pilaster columns and apron – all painted, stained, and glazed in a distressed finish. Lavish. Rejuvenating.

Product collections: Handcarved Onlays • Columns • Custom Work • Traditional Mouldings **Products specified:** CRV5636, CRV5638, CRV5178, MLD6024, MLD5616, MLD6030 For more information on this design, go to WhiteRiver.com • E-Newsletter Archives • January 09

20-20 Technologies e-Catalog

White River and 20-20 Technologies have developed a software design solution to ease the specification process. Through this collaboration, you will be able to create 3D color renderings with remarkable detail and clarity that save you and your client
money. Each product featured in our 20-20 catalog has been meticulously scanned to
provide and unparallel level of detail. To access White River's, 20-20 Technologies Inc. product catalogue for 20-20 Design, you must have version 6.4 or higher. If you do not have this version, please contact 20-20 Technologies or visit their website

20-20 Section includes the White River e-Catalog for 20-20 Design and KIT files

from our Design Portfolio
